Venue: 10,000 square metres - San Juan province – Argentine Republic

Price: USD 450 mt<sup>2</sup>

Organizer: PANORAMA MINERA magazine

Contact: Lic. Mercedes Rodríguez  
mrodriguez@panorama-minero.com

Telephone: (54-11) 4953-1449

Website: [www.sanjuan-minera.com.ar](http://www.sanjuan-minera.com.ar) – [www.panoramaminero.com.ar](http://www.panoramaminero.com.ar)

# Excellent Business Opportunities

2018: San Juan, a Key Province for Argentina's Mining Development

A not-to-be-missed unique business opportunity

## The authorities' commitment to attract investors

Aware of Argentina's high geologic potential, the national administration took steps towards opening up to international markets in order to lure investments that enable the development of the mining sector.

Some of the macroeconomic and, most specifically, microeconomic measures that promote investment in the mining arena include:

- Respect for the current legal and institutional framework
- Elimination of export withholdings (5% for dore and 10% for concentrates)
- Exchange rate streamlining
- Elimination of controls: freedom to repatriate capital to the country
- Improvement in the outlook and international credit rating thanks to the agreement with bondholders - return to international markets
- Flexibility to import capital goods and technology
- Setting up intergovernmental work teams: joint approach to environmental and community issues

## Why you should participate?

Participating in the VII International Exhibition of Mining Equipment, Tools, Supplies and Services for the Argentine Mining Industry, you will

- Contact the equipment, tools and supplies end-users.
- Contact the purchasing and logistic responsible.
- Contact planning and design leaders of underground and open pit mines.

- Contact directors, managers and supervisors of engineering, logistic, operation, production, maintenance, health and safety and environment protection.
- Contact the Mining supplier companies to be represented and vice versa.

#### **Complementation with EXPOMIN (Chile)**

**The VII International Exhibition San Juan, key province for Argentina Mining Development will be held one week before EXPOMIN, one of the most important global mining events (from 21 to 25 April 2018 in Santiago, Chile)**

**Regardless of the fact that there is no commercial link with the organizers of EXPOMIN, from PANORAMA MINERO it was considered opportune to adjust the dates so that delegations from the five continents can take advantage of a single trip to South America, benefiting in terms of time, cost and logistics at the same time to participate in two of the most important mining meetings in the region.**

## **Who will participate?**

### **Exhibitors**

- Companies that provide equipment, technology and tools.
- Service Mining Companies
- Consulting Companies
- Mining Companies
- Mining Supplier Companies from different countries

### **Visitors**

- Mining Companies:
  - Leaders in charge of designing and planning underground an open pit mines.
  - Heads of supplies and logistics
  - Directors, managers, supervisors, head of department and people in charge of engineering, production, operation, maintenance, logistics, health, safety and environment.

- International and local mining suppliers companies.
- Engineering and construction firms.
- Environmental consultants
- Chamber of Mining Enterprises
- Chambers of Mining Good and Service Providers
- Diplomatic representatives
- Representatives from the national and provincial governments
- Professionals
- Professors

**The exhibitors and sponsors will have:**

- A free pass for the activities taking place during the exhibition.
- A business room for special presentations and meetings.
- A free pass for the business roundtable between mining companies and mining supplier companies.
- A free pass for the social event.

# San Juan

Ubicada en Cuyo, al oeste de la República Argentina, San Juan es un encantador y fértil oasis rodeado de atractivos cordones montañosos. Sus atributos naturales y su moderna infraestructura la posicionan como la sede ideal para el turismo de reuniones. Su ciudad, una de las más modernas del país, cuenta con importantes Museos, Salas, Auditorios y Centros de Exposiciones con capacidad para albergar eventos locales, nacionales e internacionales. Con más de 300 días de sol al año, la provincia complementa su oferta turística con sus valles, montañas, bodegas, ríos cordilleranos, lagos, viñedos, tradición, artesanías y la eterna cordialidad de su gente.

*Located in the Cuyo region in western Argentina, San Juan is a delightful and fertile oasis surrounded by beautiful mountain ranges. San Juan's natural attributes and its modern infrastructure make it the ideal location for all types of events, conventions, and meetings. The city, being one of the most modern in the country, has many important museums, event halls, auditoriums, and conference centers with the capacity to host local, national, and international events. With more than 300 sunny days each year, the province is able to offer much more to its tourists, such as valleys, mountains, wineries, rivers, lakes, vineyards, local arts and crafts, and the friendly nature of the local people*

**UN PUNTO DE ENCUENTRO** La moderna y sólida infraestructura, conjugada con la capacidad y calidez de su gente, posiciona a San Juan, como el destino ideal para eventos y convenciones. Con una variada oferta de sedes enmarcadas dentro del denominado Barrio Cultural, facilita los accesos, maximiza la logística y optimiza la prestación de servicios.

*A meeting place: The modern and solid infrastructure, combined with the friendliness of the local people, makes San Juan the ideal destination for all types of events and conventions. San Juan offers a variety of locations to organize your event within the cultural area, making it easy and convenient to access event and convention halls, as well as tourist destinations.*

## SEDES

San Juan cuenta con espaciosa y equipadas salas, teatros, centros de convenciones y estadios

completamente preparados para cumplir exitosamente con las expectativas y necesidades de encuentros de diferente envergadura.

*Venues: San Juan offers well equipped and spacious meeting rooms, theatres, convention centers and stadiums prepared to successfully meet all of your diverse needs and expectations.*

**BODEGAS, RESTORANES, RESTOS & BARES** Visitar San Juan es tener la oportunidad de recorrer la “Ruta del Vino” y descubrir las bondades de un buen vino, además de disfrutar de la rica gastronomía tradicional.

*Vineyards, Restaurants, & Bars: While visiting San Juan, you will have the opportunity to visit all the wineries in the Rutadel Vino (Wine route) and discover the benefits of good wine as well as enjoy the delicious traditional cuisine.*

## TURISMO

San Juan, plena de atractivos naturales, posee una variada oferta turística, cultural y de entretenimiento que satisface todas las preferencias. Además, tiene un destino paleontológico único en el mundo, Ischigualasto, Patrimonio Natural de la Humanidad que atesora valiosos vestigios de la vida de los dinosaurios más antiguos del planeta.

*Tourism: San Juan is full of natural attractions and offers a variety of both cultural tourism and entertainment that is able to cater for all needs and preferences. Also, it has a one of a kind paleontological attraction, Ischigualasto, Patrimonio de la Humanidad (World Heritage Site by UNESCO), which holds many valuable treasures from the lives of the oldest dinosaurs on the planet.*

Recopilación by PANORAMA MINERO up to May 2017						21.419	Note: Amounts and dates are estimated (using public data)

**OTHER LITHIUM PROJECTS IN ARGENTINA**

Argentina host some of the most important lithium projects worldwide. Also, there is a very interesting pipeline of projects in several development stages. Three provinces located in Northwest Argentina (Jujuy, Salta and Catamarca) encourage lithium mining, and this has been a strong tool in order to attract foreign companies. In the following list, there is a summary of other lithium projects than those cited above: Antofalla (Albemarle) and Tres Quebradas (Neo Lithium) in Catamarca province; Arizaro (Argentina Lithium), Pastos Grandes (Millennial Lithium), Centenario (Eramet), Sal de los Angeles (Lithium X) and Mariana (Int. Lithium and Ganfeng) in Salta province; Cauchari (Advantage Lithium) in Jujuy province
