### **No. 17-220064-A**

### **SESAR 2020 Project PJ07 CFSP Expertise**

The overall objective of this contract is to provide CFSP (Computerised Flight Plan Service Provider) hands-on expertise to contribute to concrete deliverables of SESAR S2020 PJ07 with an emphasis on the CFSP perspective. The requested CFSP expertise is related to the SESAR 2020 solutions PJ07.01 and PJ07.02.

Part I includes the deliverables for Solution 1 and Part II consists of the deliverables for Solution 2. The tenderer shall submit an offer that covers these 2 parts. Proposals that cover only one solution will be rejected.

#### **Objectives for Solution I :**

The overall objective of this contract is to provide CFSP expertise in the domain of Trajectory Based operations related to solution PJ07.01 "Airspace Users' Processes for Trajectory Definition". The successful tenderer shall contribute to the definition of the operational concept, the capture of operational and technical requirements and the writing of the OSED/SPR/INTEROP document and TS/IRS (Technical specifications). The successful tenderer shall also participate in the redaction of the validation plan, to elaborate operationally relevant validation scenarios, of an exercise managed by EUROCONTROL. The successful tenderer shall provide operationally skilled resources to execute and support the validation scenarios. Following the execution, the validation expert(s) of the tenderer shall contribute to the writing of the validation report. The tenderer will also support EUROCONTROL in its contribution to several exercises managed by other partners in the Solution 1 as well as to the Cost-Benefit Analysis activity.

#### **Objectives for Solution II :**

For the solution PJ07.02, the successful tenderer shall contribute to the definition of the operational concept and the writing of the OSED (Operational Services and Environment Definition) to describe the integration of UDPP in the relevant operational processes supported by a FOC (in relation with the Trajectory Management processes in particular). The successful tenderer shall also participate in the redaction of the PJ07.02 Technical Specification for the part that concerns the FOC, in coordination with the PJ07.02 partners. The tenderer will also support EUROCONTROL in its contribution to the PJ07.02 Cost-Benefit Analysis activity with CFSP expertise.

#### **Who should tender:**

The Contractor Personnel shall demonstrate:

- a good understanding of the call for tender, in particular of:
  - o The SESAR 2020 Programme;
  - o The support and inputs expected from the tenderer;
  - o The needs of EUROCONTROL (e.g. key issues, expected results, etc.);
  - o Expected risks and opportunities in contributing to the SESAR 2020 Programme.
